

PAWAN KUMAR

A passionate and dedicated Frontend Developer, Full Stack Web Developer, and UI/UX Designer. With over two years of hands-on experience, I strive to create seamless, responsive, and visually appealing digital experiences. I am proficient in utilizing React.js for building interactive user interfaces, and Node.js and Express.js for crafting efficient and scalable server-side logic. My experience extends to database management with MongoDB, as well as version control using Git and GitHub.

Skills & Technologies

Frontend:

- React.js , Javascript(ES6+) , HTML, CSS3
- State Management : Redux (preferred)
- Responsive Design & UI /UX Principles
- Tailwind CSS , Material UI, Bootstrap

Backend:

- Node.js , Express.js
- RESTful API Development & Data Handling

Database:

- MongoDB (NoSQL) , MySQL (SQL)

Version Control & Tools

- Git & GitHub
- Deployment & CI/CD

Education

Urjanchal Private ITC College , Anpara , Uttar Pradesh

(Mechanical Branch)

2019-2022

S.S.M. Higher Secondary School , Singrauli , Madhya Pradesh

(10+2)

2017-2018

Project

Airbnb Clone – Full-Stack Rental Platform

Tech Stack: React, Tailwind CSS, Node.js, MongoDB, Express.js

- Developed a full-fledged Airbnb-like rental platform, allowing users to list, book, and manage properties seamlessly.
- Implemented user authentication and authorization for secure login and property management.

- Integrated a real-time search and filtering system for an enhanced user experience.
- Designed a responsive and intuitive UI with Tailwind CSS for a modern and sleek interface.

Personal Portfolio Website

- **Tech Stack:** React, Tailwind CSS, Node.js, MongoDB
- **Description:** Developed a fully responsive and dynamic portfolio website to showcase my skills, projects, and experience.

YouTube Clone - Home Page

Tech Stack: React, Tailwind CSS, MongoDB, Node.js

- Developed a fully responsive YouTube-like home page with a sleek UI and optimized performance.
- Implemented dynamic video listing, categories, and a search functionality for seamless user experience.
- Used React for efficient component-based development and Tailwind CSS for modern, responsive styling.

Gmail Clone - Home Page (Frontend)

- **Tech Stack:** React.js, Tailwind CSS
- Developed a **responsive and pixel-perfect** Gmail homepage clone using **React.js and Tailwind CSS**. Implemented **modern UI components**, including a **dynamic sidebar, email list, and action buttons** for a seamless user experience.

Certification

Full Stack Web Development Certification – PW Skills

- Technologies: MongoDB, Express.js, React.js, Node.js (MERN Stack), Redux, Tailwind CSS, WebSockets (Socket.io), REST APIs, Deployment & CI/CD.

Full Stack Web Development Certification – Apna College

- Technologies: MongoDB, Express.js, React.js, Node.js (MERN Stack), Redux, Tailwind CSS, WebSockets (Socket.io), REST APIs, Deployment & CI/CD.

Additional Information

Career Break & Skill Development (2023 - 2024)

Due to family responsibilities during the COVID-19 pandemic, I took a hiatus from formal employment/education to provide necessary support. During this period, I dedicated my time to self-learning and skill enhancement, focusing on:

- ✓ **Advanced Web Development** – Explored modern web technologies, responsive design, server-side scripting, and database management.
- ✓ **Technical Skill Enhancement** – Worked on improving coding efficiency, best practices, and realworld project implementations.
- ✓ **Personal Growth** – Strengthened problem-solving abilities, adaptability, and self-discipline through continuous learning.
